

Cable Applique Sweatshirt

Supplies:

Sweatshirt

1 yard of 45" width contrast fabric

Thread to match

2 1/6 yards of "Borders made Easy" #101,102,106 or 107 or a cable stencil

Walking foot

Size 14 needle

Small scissors

Sewing machine

Before class wash your sweatshirt and the contrast fabric. Remove the ribbing from sleeves and bottom of sweatshirt. (Do not remove ribbing from neckline unless you wish to add a collar or binding) To remove ribbing, cut close to ribbing or in the "ditch" between ribbing and shirt.

Cut sleeve seams open from wrist to 10 or 12" along arm seam. This will enable you to lay the cuff area out flat when stitching the cable design.

**** Save all ribbing. It will be used later on the jacket.****
